“ *Pops, It is beyond a great honor being a part of your legacy and carrying on your last name, however, I wish that you were granted just a bit more time with us here on earth. I prayed the night before you left and ask God to guide you home quickly and safely if it was your time to walk through the Golden Gates, it's of great peace knowing that's exactly what God did. Continue to watch over all your loved ones and know that one day we will all be United again as one. Please give a BIG hug and kiss to all my other Beautiful Angel's up there. Rest Easy!*
