“ Please accept my heartfelt condolences to Eugene Malcolm Henry Sr. Family! Trust in God lean not into your own understanding Trust God with all thy heart! The day of your transition I saw a blue bird sitting still in the tree..when the bird finally got my attention he started flying around..my words to God were is this a disco bird..the very next day while out shopping a man appeared out of nowhere carrying boom box..I seriously thought it was you..I kept trying to adjust my eyes to see if this was you..he continued to walk towards me..I jokingly said I know this man is not coming in this store with that music playing loud..he act as if he didn't have a care in this world..I kept looking back at him..finally he open the door to the store and said God Bless You! Two days later the same person that introduced us was the same person that informed me of your passing.. Family with that being said..Gene answered the call of God! He didn't gave up..He gave In..I received the confirmation..No more pain Rest!
