“ Our fathers worked together. and they share a similar background in the military. We have been friends since childhood. I will always remember our family get-togethers: the State Store family picnics, and cookouts at your family home on Walnut Street. Although the family and I have drifted apart as adults, I communicated with "Bruh" Woolfork on facebook often. I will continue to think that he, Kevin and I have always remained friends. God bless to you all, and I share my condolences with each of you.

“ I have known Harold for 18 years and he has been my best friend I would tell him anything and everything . He was the same way with me also . When I met him when I moved into the development my son was like 6 years old climbing a little tree outside . He came outside yelling get off that tree . He was like I'm calling the landlord . So the landlord got ahold of me and I was like man he's a snitch . Then our kids would play everyday outside . And Kiera would always come to my house everyday to hang out with my kids . Harold, and I were always there for each other no matter what . We would ride to Philly just to get a cheesesteak from Max's . Who rides there just to get a cheesesteak we do apparently. Lol And when Rakai was born he was so Happy to be a pop pop again . He loved that little so much . Harold was that friend who would always talk smack and have you laughing so hard you were about to pee yourself . He loved his family so much he was very close with them . I'm so glad I got to be involved with his family they were always welcome me in like family . Harold has the best heart and would do anything for anyone . It is going to be weird not getting a text , or phone call from him anymore . But I am so glad he is in a better place and not in pain anymore . These last couple of years he has been in so much pain that he could hardly walk some day and hardly drive . Some days I would take over driving for him because his foot was bad . I'm going to miss our little skunky . As he would call my daughter Sydney . I can't imagine what his kids are going through at this time just praying they get through this hard time . I never got to meet his son but I always heard about him . But Kiera was in my life since she was five years old . Harold you will be missed love you bff .

“ The first day Harold came into my life I had just moved into Maytown and went to do my wash. The dryers had wash in them and I didn't want to throw it on top of the dryer. So I did the courteous thing and folded the clothes out of the one dryer. Well here comes Harold thru the door. He looked at me an says "excuse me did you fold my clothes?" I thought oh man I hope he doesn't get mad I was messing with his underwear. And then I giggled and said I sure did I hope that's okay. He was so grateful and thanked me over and over. We introduced ourselves and we became the bestest of friends from then on. Twenty years later we were still the best of friends and I'd do anything for him.

I have never met someone that had the biggest heart and biggest smile that lit up the room and when Harold opened his mouth it was non stop laughter. I will miss him so very much and can't wait to see him on the other side. I'm just glad he is out of pain in peace and with his family. Love you Harold RIP hunny.
