“ " I'm going to miss you cousin Skip" am so sorry that I didn't get the chance to talk to you for your birthday , which was something we did every year. Those talks that we had on just about everything and everyone I will miss , you had a way about you that always brought a smile to my face, even if I got on you about not calling.....I guess "God had better plans for you and your words of wisdom..." R.I.P" my cousin, love you!!!!
