“ So, I just learned of your death a day or so ago, and it is almost a year now that you've been gone. Our views on a lot of things differed, especially religion, but you always had so much innate goodness that I thought you were His. You had a fun-loving demeanor and a vast knowledge of so many topics, and I enjoyed our conversations. I'm hoping and praying, Mel, that you crossed over safely. Rest in Peace, friend. I'm going to miss you.

“ I'm John Kime and I worked with Melanie. I have a desk in the Keystone Building on the Seventh Floor but I travel the state for work and often for training and Melanie was fantastic to work with. I often had to reserve electronics, laptops, projectors and occasionally other equipment and it was always a pleasure to work with Melanie. She was very kind and a nice person. Very quiet but she quietly got the job done and we're going to miss her. I'm sorry. Please know you are in my thoughts and prayers.

“ When Melanie began working in my section, I stopped by her desk to get help registering a business partner with PennDOT. I noticed a significant Wonder Woman presence in the decorations at Melanie's desk and asked her about it. She said that Wonder Woman was one of her favorite movies.

*Her passing is quite a shock here at PennDOT.  
My sincere condolences - Scot*
