“ I first met Mike in 1992 and was lucky to work with him for almost 10 years. I recently reconnected with Mike just before he retired. I he greeted me with his usual big smile and even bigger hug. I was thrilled to see him again. My heart aches at that the world is now without him.

“ I worked with Mike for over 15 years; I can't ever recall a time when he didn't willingly help with any task his coworkers ask him to do. He was one of a kind and I will always have a warm place in my heart when I think of him.  
My sincere condolences to his family, may God comfort you in your grief.

“ *I am so very sorry to hear about Mike's passing. He was one of the nicest people I have ever met. It started with being under his care while a patient and then retiring and becoming a volunteer at the hospital. I had a chance to see him and talk to him on his last day at the hospital and he was so looking forward to enjoying his retirement. My condolences to his family.... The world has truly lost a beautiful person...*

Mike always had a smile on his face and something nice to say. He was like a ray of sunshine. Whenever I walked into work and saw him there he started my day with his big beautiful smile. I'm heart broken for this tragedy. My thoughts and prayers are with his family.

In August of last year, I had a procedure at the hospital and as usual I was a little emotional of which Mike took notice of. Mike came over and in his warm voice and smile, assuring me I was going to be ok. My thoughts and prayers are with his family.
