“ *I tried to sit and see you, but the heartbreak was too hard. The countless things we discussed, the joy of buying your house and new car....those memories with the ecstasy, the laughter, the big smile when we discussed the children's book and the calls to me celebrating each new grandchild. I remember the first cake you made and I ate half in the parking lot. This is a BIG lost to so many. I'm hoping your guiding hand helps to keep us all safe and remember you are always loved.*

“ Such a beautiful person inside and out. You will be missed my sweet cousin. I will never forget all the memories made during our childhood. The many many days at Grandma's playing all the silly games out back or playing in the creek.
