“ Samuel, it's been 2 years since you been away. I think about you a lot and replay our family videos and feel your presence near. I wish you could see how much your daughters have grown. Baby girl will be 3 which makes a 3rd birthday without you. I'm glad you got to experience her birth and first holidays before you transitioned. Although you're gone, she knows who you are. I show her pictures and videos of you daily. She tells me that your at home and I have peace in my heart knowing that your resting peacefully, along with you mother. I'll always love you ❤️

“ Sam was like a brother to me. We bickered and teased and joked and had many long talks about life. He had the confidence of ten men and the dreams of 100 men. He was just trying to find his place in this world. And while I know his next life will be even better than this one was, my heart will always miss his smile.
