“Wow, I'm just know seeing this news. My heart felt condolences to the family. I met Stan in the Navy. CUBI POINT PI. We were both hygienist at the time. We worked side by side at the end of the hall in the clinic. Stan and I were room mate's on and off the base. He taught me the do's and don'ts of the streets in the Philippines. He saved my butt more than once. When he left the PI I lost touch with him for a long time. I found him on Facebook and we met back up at Al Carter's house in Florida and we renewed our friendship. We stayed in touch online and I had told him that I was going to have life saving surgery and he gave me the thumbs up. It was the last time we communicated. I got to wondering why I hadn't seen any post from him and thought I would reach out to him. That when I saw the news of his passing I truly thought I would go first. Stan was my brother from another mother for sure and a true friend. I will miss him. I respected him and looked up to him as though he was my big brother.....many stories to tell from such a short time.

Stan Blessed us to be a part of Arianna's life since 2005. We agreed to take care of her while he worked and when he wasn't working. We quickly formed a special bond with Arianna.

Stan often told us

"Yall done spoiled my baby"

Be assured of our forever loving care and support.

Words will never begin to express the sadness we feel for the family.

Our heart is 💔

Kianna and Arianna

Praying that in time, may the tears wash away your sorrow,

leaving only beautiful memories to shine and comfort you. Know that Stan and Wanda will be watching over both of you.

With Our Warmest Sympathy

Ken and Nita

“ I met Stan during he and my husband's tour in the Navy. My husband and Stan were good friends they worked in the dental clinic together. He, Wanda and Kianna came visit us in Florida. Shortly thereafter Arianna was born. Years later Stan and Arianna came to visit us in Florida. We had fun times on the beach and Stan grilled his famous chicken wings for us. Over the years we texted and talked weekly on the phone. I got the updates on the girls and grandkids (his pride and joy). The photos of graduation, prom, track meets, the girls together, the grands even his Christmas decor (lol). As for our children he will always be Uncle Stan. Family we are so sorry for your loss. May God comfort you during this very difficult time and may Stan memory be forever in your hearts, he will certainly be in ours.

“ My dear friend Stan who would have that thought that our daughters being friends in kindergarten would last a lifetime. From that very first birthday party invite where you jumped right on the grill and said if we are doing this friendship family ship then we are in for life. Till 13 years later and sharing the joy of both of the girls getting those first acceptance letters for college to then being anxious together as those move in days got closer and closer. I will miss the text or funny videos that always came through when I needed them the most even when you didn't know I needed them. I can't believe this lifetime was cut short but God who knows all things have restored you and will comfort us. I'll see you again my friend until then I still got you for life through the memories and joys that are to come with our girls. I love you always.....
