Susie, what can I say about her...she never wasted a chance to show her sarcasm. But under all that, she was a lovable, kind and caring person. Don't tell her that, she'll deny it between every sip of Ginger Brandy. Once she let you in, you couldn't help but to love her. The love we shared, is forever, special, and in some ways strange. Strange you may ask, because only Susie would use such insults as Asshole or Fatass, and consider it an affectionate petname. Susie, know that I love you with all my heart and I will forever miss you.

“ So long, sweet, laid back, always stylish Susie. She was one of the big sisters in the neighborhood where we grew up back in the day. I haven't seen her in a long time, but whenever I would run into her somewhere, she was always her same warm self. Rest, dear Susie.

My love and condolences go out to all who knew and loved Susie.
